

With Learn@WU, **WU (Vienna University of Economics and Business)** runs one of the largest and most successful academic eLearning platforms worldwide.

As part of its efforts to continually enhance this service, WU is currently inviting applications for a **full-time position as Learn@WU systems manager** (employment is initially fixed-term until December 31, 2015).

## **Learn@WU-Systems Manager**

---

### **Duties and responsibilities:**

- > Planning and implementing agile development projects for Learn@WU (in teams of 1-4 people), with the goal of facilitating and enhancing computer-aided learning
- > Developing software within the existing web application framework (based on OpenACS, (xo)Tcl, Javascript, CSS, GIT, Linux, PostgreSQL)
- > Technical support for faculty, staff, and students

### **Required qualifications and skills:**

Applicants are expected to have an academic degree in the field of IT or to be close to completion of such a degree. Good German skills are required.

### **Desired qualifications and skills:**

- > Experience in the development of web-based applications using current technologies
- > Sound knowledge of SQL, PL/pgSQL (PostgreSQL), and UI design
- > Experience in the operation and administration of high-availability Linux systems
- > Ability to work in a team environment, high willingness to learn, ability to work independently and to assume responsibility for one's work, a structured approach to work
- > Experience with eLearning applications is an asset

The minimum gross monthly salary is € 2,384.40. Relevant prior professional experience can be recognized for salary classification.

The position offers opportunities for personal development and a good working environment. If you are interested, please submit your application on our website at [www.wu.ac.at/jobs](http://www.wu.ac.at/jobs) (reference no. 2483) by February 12, 2014.
